GROUP

As you know, taxes can take a serious chunk out of both your retirement savings and investment income. The good news, however, is that many taxpayers have options to reduce their tax contributions – options they might not be aware of.

Because tax and investment planning has never been more complicated than today, we are hosting an evening event to address this situation. At the event, we will discuss alternatives that may help you preserve your capital, reduce your tax burden and leave a larger inheritance for your heirs.

During this seminar, you will:

- Understand the potential hazards you may face in 2020 tax policies.
- Learn about effective strategies to minimize the amount of tax paid.
- Discuss what assets to keep and what assets to sell when planning for estate.
- Learn what Flow-Through-Shares are and what benefits of investing they offer.

So please join us on **March 5th, 2020 at 6:30 p.m. at the Deeley Motorcycle Exhibition** located at 1875 Boundary Road, Vancouver BC for complimentary hors d'oeuvres, cocktails and some of the most important information you will learn all year.

To attend, please call Sofia Salimova at **604.643.1674** or email at **SSalimova@cgf.com** to reserve your space.

I look forward to seeing you there!

Sincerely,

Michael LeBlanc, CIM®, FCSI®
